
HISTORIC HOTELS of AMERICA

National Trust *for* Historic Preservation

To Whom It May Concern:

It is our pleasure to recognize Northern Lights Restoration as an Approved and Recommended Alliance Partner of Historic Hotels of America and Historic Hotels Worldwide. A historic hotel seeking furniture repair and restoration would do well to choose Northern Lights Restoration.

Since 2014, Northern Lights Restoration has been the preferred restoration vendor to Historic Hotels of America and Historic Hotels Worldwide. They have made a visible impact on our member hotels across the country, ranging from intricate armoires in the Garberville treasure Benbow Inn (1926), to the famous Grand Staircase of the Georgian landmark Jekyll Island Club Hotel (1887) to the 98 guestrooms and Tavern on the Green at the Salem staple, the Hawthorne Hotel (1925). In each instance, we have seen our hotels embracing this important element of preservation by using the skills of Northern Lights Restoration to extend the life of their historic pieces.

We are happy to recommend Bob Stephens and his team at Northern Lights Restoration to anyone considering architectural woodwork restoration/historic preservation project. We look forward to a long relationship with this partner in preservation and know that you will too.

Best Regards,
Stephanie Calhoun
