To Whom It May Concern,

I am pleased to recommend the services of Northern Lights Restoration.
In late 2018 we contacted Northern Lights to do a complete touch up of all our rooms and public area wood furniture.

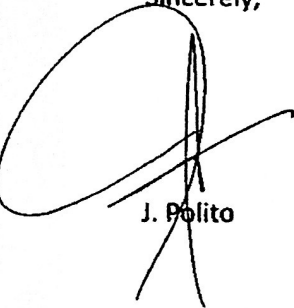

All of our furnishings at the Dewberry are custom made and of very high quality. Bob did a fantastic job brining all our wood back to looking like it was new ensuring our original specifications were maintained.

They were also very thorough and organized in carrying out their work. The equipment he used was clean and quiet with no mess or disruption to our luxury guests.

We are a hotel that has a very high average occupancy year round and Bob was very flexible with adjusting his work to suit our business levels. They were diligent and finished on time as planned.

Northern Lights does top notch work and I look forward to using them every year as part of our annual preventive maintenance program.

Sincerely,

J. Polito
